

Instructional Groups

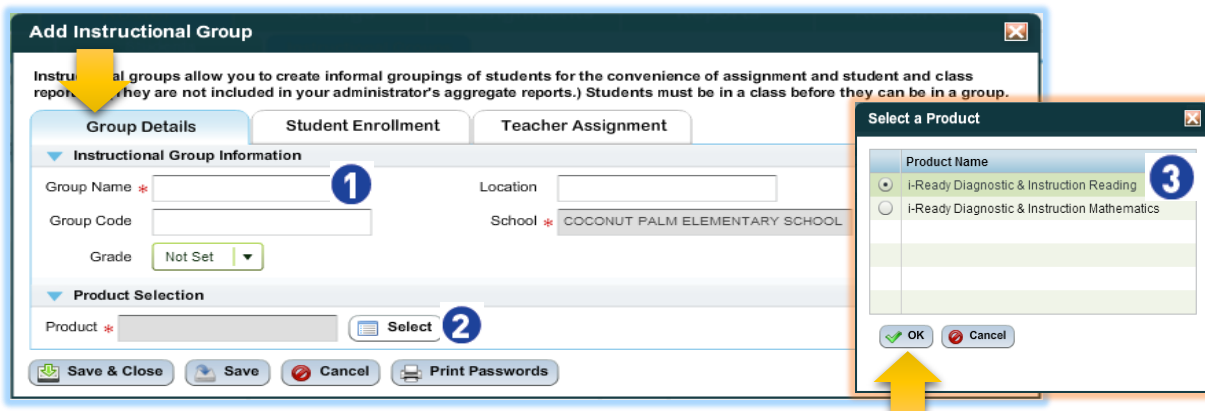

How to Create an Instructional Group:

1. Click on the Roster Tab
2. Instructional Groups sub-tab.
3. Click the *Add New Instructional Group* button.

Group Details tab

1. Name your Instructional Group. (Naming Convention: Last Name, grade level, subject, am/pm or period) **Example: Jones 04 Math AM**
2. Under Product Selection, click Select button
3. Choose i-Ready Diagnostic and Instruction Reading or Math then click OK

Instructional Groups

Student Enrollment Tab

1. Click Student Enrollment tab
2. Click Add Students button
3. Select the names of the students to be added to the group, then click OK
4. Click save and close

Add Instructional Group

Instructional groups allow you to create informal groupings of students for the convenience of assignment and student and class reporting. (They are not included in your administrator's aggregate reports.) Students must be in a class before they can be in a group.
